MATERIAL SAFETY DATA SHEET

1. Product name and Company identification

Product Name: EASTTO SHOCK ABSORBER OILS 12, 18
Product Use: Automotive Shock absorber oil
Supplier: Eastern Petroleum Pvt. Ltd
Telephone No.: 91-22-2743 1694, 91-22-2743 3819.
Email: sales@easternpetroleum.in

2. Composition / Information of Ingredients

<table>

</table>

3. Hazards identification

Physical state: Liquid
Human Health Effects:
- Eyes: Not expected to cause Eyes irritation
- Skin: Not expected to cause skin irritation
- Inhalation: Not expected to cause any side effect while inhalation

4. First Aid Measures

- Inhalation: If inhaled, remove to fresh air. Get medical attention if symptoms occur.
- Skin contact: Immediately wash affected area with soap and water. Remove contaminated clothing and shoes. Get medical attentions if a symptom occurs.
- Eye contact: In case of contact immediately wash eyes with plenty of water.
- Ingestion: Do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. If potentially dangerous quantities of this material have been swallowed, call a physician immediately. Get medical attention if symptoms occur.

5. Fire-fighting Measures

- Flammability of product: Combustible liquid
- Extinguishing Media: Use dry chemical, carbon dioxide (CO₂), or foam
- Not suitable: Do not use water.

6. Accidental Release Measures

- Personal precautions: Wear suitable protection clothing and equipment. Remove contaminated clothes as soon as possible.
- Environmental precautions: Prevent from spreading or entering into drains, ditches or rivers by using sand, earth or other appropriate barriers. Inform local authorities if this cannot be prevented. Pick up free liquid for recycling or disposal. The residual oil can be transferred to another container.
7. Handling and Storage

Handling
Handle in accordance with good industrial hygiene and safety practices. If handled at elevated temperatures or with high-speed mechanical equipment, vapours or mists might be released and require a well-ventilated workplace.

Storage
Store at ambient temperature or with lowest necessary heating as required for ease of handling.

8. Exposure Controls / Personal Protection

Control parameters
Exposure via air and normal handling

Personal protection equipment
Respiratory protection
Avoid inhalation, use suitable mask with filter if necessary.

Hand protection
Wear oil-resistant protective gloves if there is a risk of skin contact.

Eye protection
For eyes protection wear safety goggles.

Skin and body protection
Use protective clothes and gloves.

Hygienic measures
Act in accordance with good industrial hygiene and safety practice.

9. Physical and Chemical Properties

10. Stability and Reactivity

Reactivity and stability
Stable at normal conditions and decompose at higher temperature.

Conditions to avoid
Excessive heating and highly oxidizing agents.

Hazardous decomposition products
Hazardous decomposition products are not expected to form during normal storage.

Hazardous polymerization
Polymerization will not occur.

11. Toxicological Information

Potential chronic health effects
Carcinogenicity
No known significant effects or critical hazards.

12. Ecological Information

Environment effect:
Will not have chronic effect on aquatic environment

13. Disposal considerations

Waste disposal procedure:
Place contaminated materials in a disposable container and dispose of in accordance with Local, State environmental regulations and contact local environment and health authorities to get the permission for waste disposal.

14. Transport Information

Not classified as hazardous for transport (DOT, TDG, IMO/IMDG, IATA/ICAO)
15. Regulatory Information

Not classified as hazardous.

16. Other Information

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information, and belief at the date of its publication. The information given is designed as a guide for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered as a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material in combination with any other materials or in any process, unless specified in the text.
