MATERIAL SAFETY DATA SHEET

1. Product name and Company identification

   Product Name: EASTTO BAN 330
   Product Use: Industrial Rust Preventive Oil
   Supplier: Eastern Petroleum Pvt. Ltd
   235-239, Jawahar industrial Estate, Kamothe, Panvel, Dist- Raigad, Maharashtra: 410209
   Telephone No.: 91-22-2743 1694, 91-22-2743 3819.
   Email: sales@easternpetroleum.in

2. Composition / Information of Ingredients

3. Hazards identification

   Non dangerous substance

   Physical state: Liquid

   Human Health Effects

   Eyes: Not expected to cause irritation
   Skin: May cause mild skin irritation if prolonged used
   Inhalation: Not expected to cause any side effect while inhalation

4. First Aid Measures

   Inhalation: If inhaled, remove to fresh air. Get medical attention if symptoms occur.
   Skin contact: Immediately wash affected area with soap and water. Remove contaminated clothing and shoes. Get medical attentions if a symptom occurs.
   Eye contacts: In case of contact immediately wash eyes with plenty of water.
   Ingestion: Do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. If potentially dangerous quantities of this material have been swallowed, call a physician immediately. Get medical attention if symptoms occur.

5. Fire-fighting Measures

   Flammability of product: Combustible liquid
   Extinguishing Media
   Suitable: Use dry chemical, carbon dioxide (CO₂), or foam
   Not suitable: Do not use water

6. Accidental Release Measures

   Personal precautions: Wear suitable protection clothing and equipment. Remove contaminated clothes as soon as possible.
   Environmental precautions: Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).
   Clean up method- small spillage: Absorb liquid with sand or earth, sweep up and remove to a suitable, clearly marked container for disposal in accordance with local regulation.

EASTTO BAN 330
Revision No. 3

Date of issue: 10.11.14
Date of revision: 12.08.2016
Clean up methods – large spillage
Prevent from spreading by making a barrier with sand, earth or other containment material. Reclaim liquid directly or in an absorbent. Dispose of as for small spills.

7. Handling and Storage
Handling
Handle in accordance with good industrial hygiene and safety practices. If handled at elevated temperatures or with high speed mechanical equipment, vapors or mists might be released and require a well ventilated workplace.
Storage
Store at ambient temperature or with lowest necessary heating as required for ease of handling.

8. Exposure Controls / Personal Protection
Control parameters
Use under well ventilated areas
Personal protection equipment
Respiratory protection
Avoid inhalation use suitable mask with filter if necessary.
Hand protection
Wear oil-resistant protective gloves if there is a risk of skin contact.
Eye protection
For eyes protection wear safety goggles.
Skin and body protection
Use protective cloths and gloves.
Hygienic measures
Act in accordance with good industrial Hygiene and safety practice.

9. Physical and Chemical Properties

10. Stability and Reactivity
Reactivity and stability
Stable at normal condition and decompose at higher temperature
Conditions to avoid
Excessive heating and highly oxidizing agents
Hazardous decomposition products
Upon Combustion, CO₂, CO and oxides of Sulphur and Nitrogen are generated
Hazardous polymerization
polymerization will not occur

11. Toxicological Information
Potential chronic health effects
No known significant effects or critical hazards.
Carcinogenicity

12. Ecological Information
Environment effect:
Will not have chronic effect on aquatic environment

13. Disposal considerations
Waste disposal procedure:
Place contaminated materials in a disposable container and dispose of in accordance with Local, State environmental regulations. Contact local environment and health authorities to get the permission for waste disposal.

14. Transport Information
Not classified as hazardous for transport (DOT, TDG, IMO/IMDG, IATA/ICAO)
15. Regulatory Information
   Not classified as hazardous

16. Other Information
   The information provided in this Safety Data Sheet is correct to the best of our knowledge, information, and belief at the date of its publication. The information given is designed as a guide for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered as a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material in combination with any other materials or in any process, unless specified in the text.
